

Exploring how sources, behaviour and mitigation strategies influence indoor air quality: A pilot study

- Ambitions

- Publications from analysis so far
 - Experimental framework development
 - Experimental result analysis
- Further development of CFD – focussing on Lagrangian particle tracking

Vicki Stevenson - Cardiff University

Archit Mehra - University of Chester

Zaheer Nasar - Cranfield University

Stefano Rolfo - STFC - CFD

Stephanie Gauthier - University of Southampton

Alejandro Rangel - Lancaster University

Jo Zhong - Nottingham Trent University

Rob Ferguson - University of Essex

Douglas Booker - NAQTS
